

# Hydraulic Drive 1200 MIXER

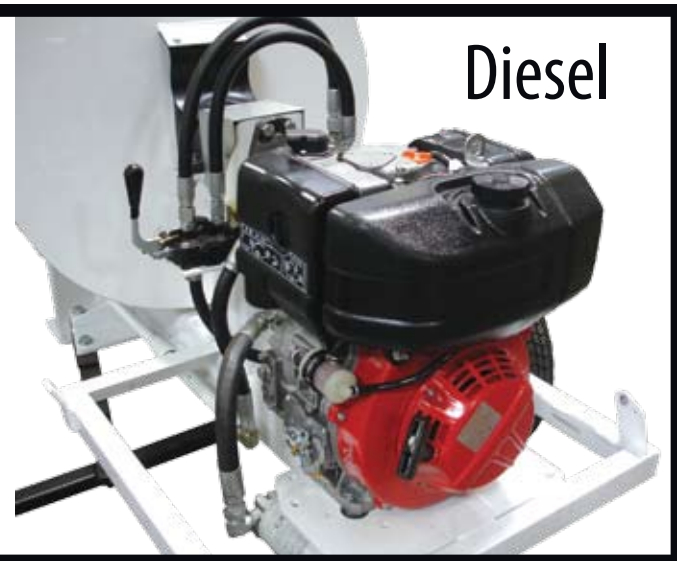

The professional's  
Plaster/Mortar Mixer

All the features and quality of our mechanical 1200 mixer with a heavy duty low maintenance hydraulic system that gets rid of Clutch and Transmission while bringing the reliability and added features of Hydraulics.

- Stronger engine options allows for higher mixing torque.
- Reversible drive for safe & quick release of jams.
- Pressure release valve to prevent damage in case of a jam.

**Gasoline**

**Diesel**
